

The Scottish Borders Community Portal offers economical access to a wide range of essential eLearning for Third Sector staff across the Scottish Borders. All you need to get started is a computer with internet access. Examples of eLearning courses available include:

### NHS Borders

e.g. Fire Safety, Manual Handling, Aggression & Violence, Public Protection, Food Safety

### NHS Education for Scotland

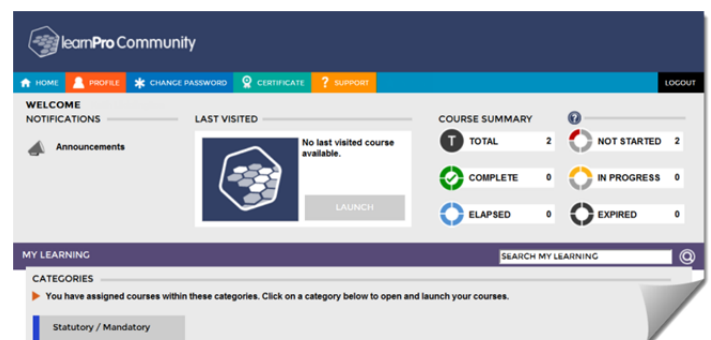

e.g. Infections in the Older Person, Promoting Hand Hygiene, Prevention and Management of Pressure Ulcers

### learnPro

e.g. Time Management, Questioning and Listening, Managing Effective Meetings

For an annual user cost of £27 we provide:

- ✓ Access to all courses, support and reporting
- ✓ Set up of new user accounts
- ✓ Administration of accounts
- ✓ A service level agreement
- ✓ A six monthly review meeting

The Scottish Borders Community Portal is easy to use, with a personal dashboard that allows a user to review progress and quickly jump to the most important eLearning – for example the last visited course. The Course Summary shows course status at a glance. Elapsed or expired courses are also highlighted, to facilitate compliance.
