

Scottish Borders Mental Health Needs Assessment Service user stakeholder event

**Wednesday 2 September 2015 10 – 3pm
Chaplaincy Centre, Borders General Hospital**

The Mental Health Needs Assessment was approved by the Mental Health and Wellbeing Partnership Board in June 2015. As part of the process for implementing the recommendations in this, we are holding stakeholder events to consider the priorities over the next ten years and the actions needed to turn the recommendations into reality.

The outcomes from this event will help to shape the follow up event for service providers and staff.

Who should attend?

Service users and carers
